INTEGRATED LIKE YOU NEVER IMAGINED

- 47-acre integrated township developed over multiple phases
- Studio, 1, 2 & 3-bedroom apartments
- High-street shopping and dining experience
- Iconic work spaces
- A multiplex

Brigade Cornerstone Utopia is truly an extraordinary, future-ready, mixed-use township that is all set to redefine tomorrow while celebrating technology, sustainability and wellness. The shops, offices and entertainment spaces are designed to lend vibrancy to the outdoor spaces. Extensive landscaping along with separate access to residential towers allow for maximum privacy and security. The township will be a microcosm of an ideal city, where smart and user-friendly design have been used to plan the aesthetics and amenities.

TECHNOLOGY THAT BRINGS LIFE TO THE MUNDANE

- Wi-fi across major common areas
- Perimeter security with central control room

Technology that is relevant and meaningful will help residents connect with each other and proactively shape their community life. Even in a township, the security of our loved ones is of utmost importance. CCTV in common areas, well-lit outdoor areas and property perimeter fencing with a central control room are being planned for the benefit of every resident.

FROM WELLNESS, GOODNESS TO GREATNESS

- World-class clubhouse with resort-like pool and lap pool
- Numerous sporting amenities, yoga court and wellness plaza
- Outdoor gyms, playgrounds, jogging paths and trails

A healthy community is a wealthy community. **Brigade Cornerstone Utopia** is designed on a wellness philosophy that elevates overall health and well-being. The landscaped pathways and central courtyards encourage greater use of bicycles, rollerblades, walking and exploring the outdoors. The abundance of greenery, water bodies, fountains and fresh air within the township encourage more outdoor time, whether unwinding or exercising.

THE GREENER SIDE OF SUSTAINABLE

- Sensory, medicinal and community gardens
- Water metering and air quality monitoring
- Solid waste management systems

Taking it up several notches, **Brigade Cornerstone Utopia** is envisioned to be one of Bengaluru's greenest and best-planned communities. More than 80% of the area is open space with multiple gardens, trees, groundwater recharge pits and spaces designed to preserve biodiversity. The project will have waste water treatment and solid waste management systems, rainwater harvesting tanks, and solar panels as part of our sustainability efforts. Water metering systems and air quality monitoring will also help to create awareness, which is usually the first step towards better conservation of natural resources. Our vision is to encourage the community to create a healthier environment for themselves.

MOBILITY THAT PUTS YOU FIRST

- Electric / battery operated 'people movers'
- Mobility hub and smart traffic management
- Charging stations for electric vehicles

At **Brigade Cornerstone Utopia**, we believe that mobility isn't just a way to get around but a reflection of our outlook towards the environment. Smart traffic planning strives to connect all spaces within the township through a seamless end-to-end journey experience. Traffic movement will be confined to the periphery (except in case of an emergency), allowing young and old to enjoy a safer environment along the central spine of the project. An eco-friendly 'people mover system' will help our residents get around the community easily if they prefer not to walk.

GIVING WHITEFIELD A SPECTACULAR BOOST

- In close proximity to tech parks and office campuses
- Good connectivity to various parts of the city
- Surrounded by numerous world-class educational institutions and healthcare facilities

Brigade Cornerstone Utopia is located conveniently on Whitefield - Sarjapur Road and is easily accessible to schools, colleges, hospitals, offices, software parks and the Outer Ring Road. We are confident that this vibrant township consisting of residences, retail outlets and offices along with large green open spaces will soon become a destination in itself. The forward-thinking design of the project ensures that you can still retreat to the warm comforts of your home, yet remain well-connected to all major hubs of employment, social infrastructure and daily conveniences.

Indicative map. Not to scale

WELCOME TO THE REAL COMMUNITY

- Vibrant gathering spots
- Outdoor event areas
- Amphitheatre and art corners to showcase creativity and culture
- Tranquil green spaces and gardens to nurture the soul

In today's world, social media has the power to connect but also tends to isolate. At **Brigade Cornerstone Utopia**, we understand the importance of personal human interactions and the sense of belonging these provide. The many gathering spaces here provide enough reasons for residents to get out of their homes and leave their phones behind. One can explore art & entertainment, and be a part of a thriving community with infinite opportunities to keep evolving.

AN INVESTMENT THAT FEELS RIGHT

As India transforms into a global economic powerhouse, urbanisation and Bengaluru's ability to attract top talent has ensured that Whitefield remains one of the best destinations for business in the country and therefore for further Commercial and Residential investment.

Brigade is a pioneer in integrated township conceptualisation & development and has redefined the city's skyline over three decades. **Brigade Cornerstone Utopia** is our seventh integrated township since 2000 and has been master-planned by globally renowned architects NBBJ (USA). With this development, we have set our ambition even higher to create an incredible mix of office, retail, entertainment and residential use.
